Premsons

Worlds Favorite Bottle Maker

Our order of Priority is Planet, People & Profits

Planet

Life Supporting elements like Air, Water, Earth & Fire deserve even more reverence than life itself. When they are polluted, innumerable lives are harmed for generations to come. Premsons is committed to protect environment.

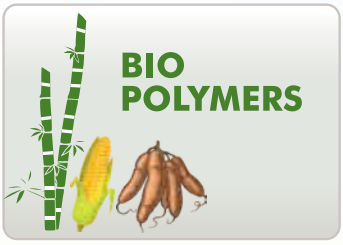

Global Warming & Climate Change

#1 Challenge our world is facing tody is higher concentration of carbon dioxide & other green house gases, trapping the heat & increasing temperature of planet, thereby melting glaciers & wiping out species. Limiting our carbon footprint can help fight climate change & preserve our planet for gen next

World's #1 Carbon Neutral Bottles

Green Materials

Carbon dioxide is green house gas causing global warming & threatening life on earth. Bio Polymers are made from using annually renewable plant source. Plants absorb carbon dioxide while growing & when converted to polymer, its carbon neutral.

Bio Polymers

We make bottles out of Bio Based polymers derived from annually renewable resources like plants. Plants absorb carbon while growing & hence these Bottles are carbon neutral. These are fully recyclable & we highly recommend them. Look for symbol in our catalogue

Compostable

We also make Biodegradable & Compostable Bottles.

Which when processed in industrial compost break down into Biomass.

Natural Mineral

Bottles made from over 50% natural minerals are also excellent options to appeal to young consumers

Recycle

Premsons also offers bottles made of
factory recycled plastics with low carbon footprint.
It also helps to prevent plastic waste reaching landfill or pollute environment
Ocean plastic is a major concern, harming all life forms.
Premsons is actively engaged to reduce amount of single use plastic going into ocean.

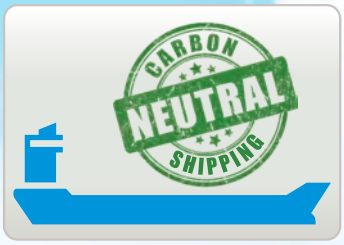

Processing

At premsons we are using 100% solar and wind power to reduce carbon footprint

Carbon Neutral

Accounting carbon footprint of Materials, Processing, Logistic & actively working to offset the carbon produced is smart way to save environment at a small cost, which young consumers are usually willing to pay premium for their future

Carbon Neutral Shipping

For small cost, third party can grow trees to offset carbon produced due to shipping, thereby making it carbon neutral.

Compensatory Recycling

Our MD Jayesh Khimji Rambhia is Guinness Book of world record holder for collecting **200,000 plastic bottles, recycling them to make Worlds largest T-shirt**. Post record T shirt was cut into 10000 t shirts for underprivileged children.

For a small cost, We can offer third party audited certificate for collection & recycling of plastic waste for compensating plastic bottles sold. This reduces waste plastic in ocean. Ocean has no boundaries.

Single Use Plastic

Reusable Bottles replace packaged water bottles & save environment.
Single use plastic free packaging available.

Eco Friendly Building

We use energy saving LED lights & Variable frequency devices.
We use Eco Friendly CFC and HCFC free refrigerants to protect ozone layer.

Zero Waste to Land Fill

Premsons manufacturing facility is committed to send zero waste to land fill by 2024.

Water Positive

Nearly 40% children in this world, do not have access to clean & safe drinking water. Premsons is working to reduce wastage of water. We have facilitated fitting of water savers on taps in over 750 homes, thereby saving more water than we use

Save Environment & Boost Your Brand

When informed, young users are willing to pay premium & support to spread good wor£k. It wins Huge goodwill for brand. Premsons supports environmental conservation.

People

Dehydration is major cause of disease

Mission

To help improve health through better hydration, globally.

Value

सबका साथ, सबका विकास

Collaborative Action for Inclusive Growth

We add value & improve lives for all stake holders
Users & Buyers
Employees & Suppliers
Shareholders & Society
In Sustainable Manner

Premsons products are tested for safety as per EU standards to protect users & brands.

Sedex
Ethical Social Audited Manufacturer

Premsons is SEDEX audited & follow all safety & social norms.

Premsons believes that is our responsibility to effectively achieve UN SUSTAINABLE DEVELOPMENT goals.

Premsons is equal opportunity employer. Premsons has been able to get quality work from visually challenged, deaf & mute, differently able, senior citizen etc. giving them opportunity to live a life with dignity.

Premsons supports deserving workers financially to pursue courses for skill development training of work force adds value to their future career.

Premsons supports education & healthcare for under privileged as social responsibility. Premsons has supports rural development & farmers affected by drought to save their livestock.

Profit

We strive to be most profitable supplier for our customers by timely delivering quality products.

We continuously work on innovations to delight users.

Money we receive from Happy Customer is happy money,making business sustainable.

NEW INNOVATION

Carbon Block Technology

- **Advanced Carbon Binding:** A pioneering method is used to bond activated carbon, maintaining filter efficiency.
- **Multi-Faceted Technology:** The technology combines electrical, mechanical, and material processes, selecting materials based on purity and particle size.
- **Efficient Mixing Equipment:** Ensuring efficiency by preventing contact between carbon particles, binders, and contaminants during mixing.
- **Cold Press Method:** A proprietary cold pressing technique followed by heat treatment is used for secure filter block formation.
- **Preserving Properties:** Scientific calculations guide carbon particle compression, preserving filter effectiveness and physical properties.

Alkaline Water improves wellness

Minerals help convert tap water like fresh Natural spring water

tritan™ from eastman

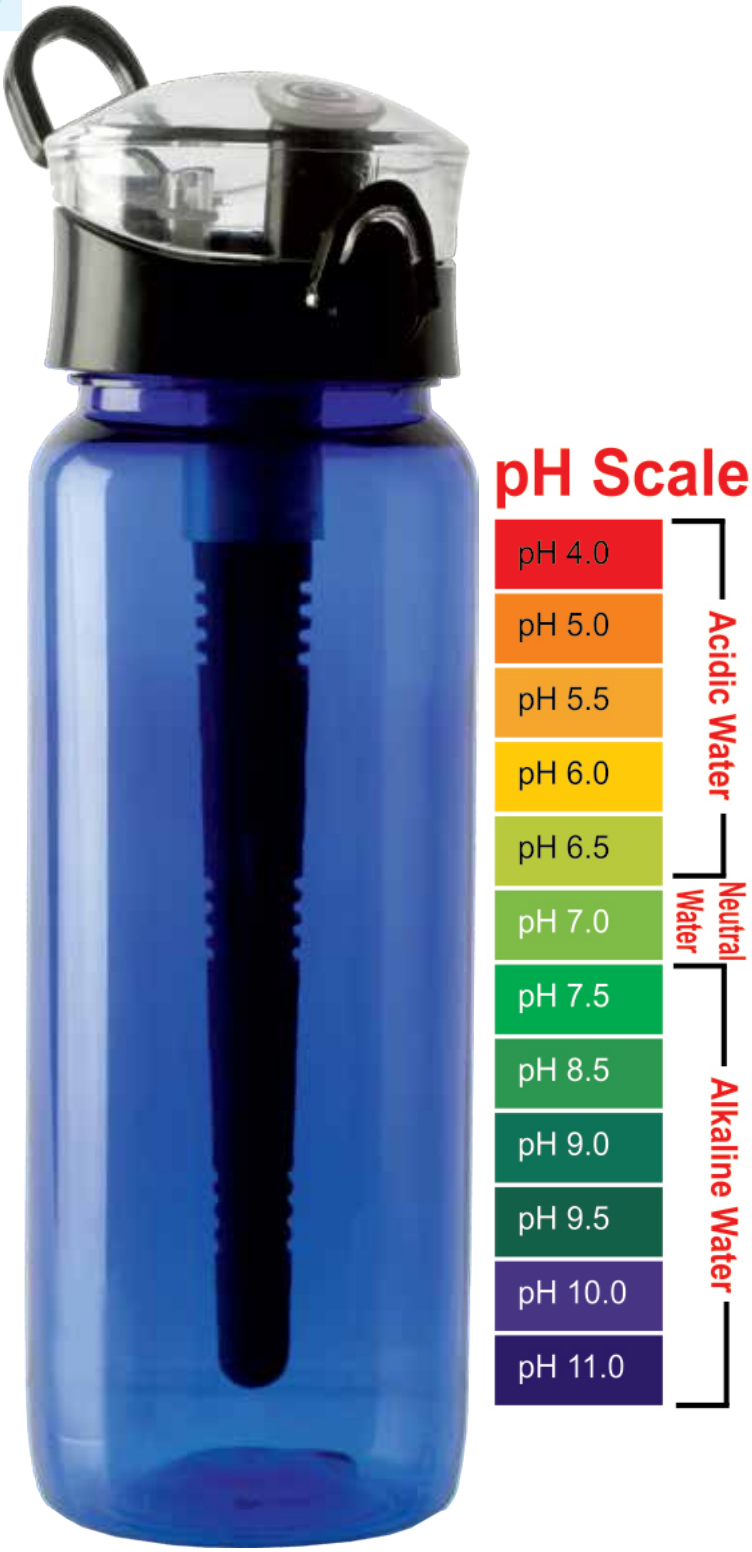

BMW

BIO MINERAL WATER

Chlorine is used to purify water in the city. After killing bacteria and virus, chlorine remains in the drinking water, making it acidic. Processed foods becomes acidic due to preservatives and added chemicals. Irregular eating habits stress and lack of regular timing for food or sleep also causes acidity. Most of the river waters alkaline because dissolved minerals from riverbed.

This bottle contains minerals to convert city water into **BMW : BIO MINERAL WATER.**

Try it and experience effect on your digestion, health, skin and hair.

Increase PH Value of Water Reduces Free Radicals Ultra Hydrating

NOSE -X BREATHE BETTER

The Nose-X bottle is a time-honoured, doctor-recommended, and clinically tested way to cleanse the nasal passages.
Using it regularly can markedly lessen symptoms of colds, allergies, sinus problems and post-nasal drip.

WATER + MOUTH FRESHENER / SANITISER / PERFUME ON THE GO

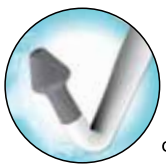

Press Button : Easy to Use. Press button to start Water flow

Turn upside down to avoid refluxing Anti-refluxing, no secondary infection.

Tilt angle design Convenient flowing angle, more comfortable to use.

Multiple studies prove that nasal irrigation "improves sinus related quality of life, decreases symptoms, and decreases medication use in patients with frequent sinusitis, along with conventional medicines.

Additionally, there is evidence that saline is beneficial in the treatment of the symptoms of chronic rhino sinusitis.

Even when symptom free, nasal cleansing loosens and washes away built-up mucus in the nose and allows for freer breathing.

Yoga practitioners have known this for thousands of years and appreciate the free flow of air through both nostrils during asana and meditation.

Few charities which we support and can recommend follows,
we can surely use any charity of your choice

1. **Helping Hands**

   40,000 people, mostly poor, loose their limb, every year

   Inali foundation helps to fit artificial limbs.

   Premsons has made & provided for free, 3525 forearm sockets to Inali foundation.

   It changes lives for recipient, giving him second chance to live with dignity.

   Inali Foundation challenging disability, enabling life.

Few charities which we support and can recommend follows,
we can surely use any charity of your choice

1. **Sports :**

   We are Supporting Wheelchair Cricket India

   Foundation organises Sports events for physically challenged

3. Nomadic Tribes

Supporting Nomadic tribals with housing, education, healthcare & micro finance to integrate into society

4. Environment

Since 2019, VSSM has planted 492000 with more than 97% survival ratio across 123 sites.

5. Drinking Water Mission

Since 2015 VSSM has desilted 194 lakes and installed 12 recharge borewells. 2 million cubic metre silt has been removed increasing water storage capacity by 20 million litres. Making drinking water available to rural masses.

Third party audit reports can be provided to make sure the benefits of your contribution is changing lives, as promised.

Together we can increase impact & leave a better world as a legacy for Gen next
